

AfPP Study Day

Recovery – As easy as ABC?

Date: 14 April 2018

Venue: Horizon Centre
Torbay Hospital
Lowes Bridge
Torquay
TQ2 7AA

Sponsored by: tbc

Objective:

AfPP South West invite all to our PACU/Recovery focused study day in conjunction with the National launch of the AfPP Recovery Competency Toolkit (2018) - the revised gold standard of competence and guidance for all post-operative environments.

This study day is open to **all** within the peri-operative setting, especially welcoming non-registered staff to learn and train alongside their registered colleagues.

The South West Team as always will deliver an interactive and immersive day, hosting guest speakers and delivering workshops and simulations. We haven't forgotten our quiz either, and there will be a prize!

Programme:

08:30 – 09:10 **Registration and Coffee**

09:10 – 09:15 **AfPP Welcome Presentation**

Speaker: Sara Finneran, AfPP South West Regional Lead, Theatre Practitioner, Independent Health Group

09:15 - 09:30 **"The AfPP Recovery Competency Toolkit"**

Speaker: Adrian Jones, President AfPP & Orthopaedic Surgical Care Practitioner, Norfolk & Norwich University Hospital, and Chloe Rich, ODP, Oxford Brookes University

This session will explore the following:-

- Introduce the latest standards of recovery competence and care
- Demonstrate and promote AfPP as inclusive to all recovery/PACU staff
- Engage delegates in latest evidenced-based practice and guidance

- 09:30 - 10:30** **Speaker:** *Deborah Glennie, **title, organisation***
NEWS & MEWS
- Record invasive and non-invasive physiological measurements and their implications for care
 - Effectively use NEWS and MEWS scoring
 - Know the appropriate escalation criteria and who to inform
- 10:30 – 11:00** **Refreshments and Networking – Join the South West team in their Quiz!**
- 11:00 – 12:00** **Managing Post-Operative Complications**
Speaker: *Dr Sarah Warwicker, Anaesthetist ST7*
- This session will include the following:
- The recognition and management of common post-operative complications
 - Underpinning anatomical and physiological causes of common post-op complications
 - Recognition of the importance of team working and communication in emergency post-op scenarios.
- 12:00 – 12:45** **Children are not just ‘small adults’**
Speaker: *Chloe Rich, ODP, Oxford Brookes University*
- This session will include the following:
- The ABCDE assessment of a post-operative paediatric patient, including key differences in anatomy and physiology
 - A positive learning environment for delegates to consolidate knowledge of caring for the paediatric patient in PACU
 - An opportunity for delegates to share experiences and ask any questions regarding paediatric care – **Please bring any questions with you**
- 12:45 – 13:30** **Lunch, Exhibition and Networking**

Workshops

All delegates will be split into groups and rotate round three workshops. The workshops will reflect on the themes of the day and encourage multidisciplinary learning and sharing of experiences in a controlled and most importantly, safe environment.

- 13:30 – 14:15** **"Care - What care?"**
Speaker: *Kim Flinders, **job title, organisation** & Sara Finneran, Sara Finneran, AfPP South West Regional Lead, Theatre Practitioner, Independent Health Group*
- This session will include the following:
- Understand the holistic care of the post-operative patient
 - Develop confidence in using a non-emergent A-E assessment, and recognise the patients' changing physiological condition
 - Gain confidence in managing a patient with additional monitoring and equipment, such as drains and invasive lines.

14:15 - 15:00	<p>Speaker: <i>Chloe Rich, ODP, Oxford Brookes University & Dr Sarah Warricker, Anaesthetist ST7</i></p> <p>This session will include the opportunity to:</p> <ul style="list-style-type: none"> • Recognise and manage a common post-operative complication in a safe learning environment • Work within a high-fidelity multi-disciplinary team to practice the importance of team work, communication and leadership in an emergency scenario • Participate in a supportive, structured de-briefing session to draw the most out of your learning experience
