**VENUE:**  
University of York, York, North Yorkshire, YO10 5NA

**SAT NAV:**  
YO10 5NA

**RAIL:**  
There is a frequent, fast train service to York on the main East Coast Line from London King’s Cross to Edinburgh. There is also a direct service between York, Leeds and Manchester Airport. The University is a short bus or taxi ride direct from the railway station.

**BUS:**  
You can reach York by coach from many destinations around the country. National Express coaches stop at the railway station.

There are buses from the city centre approximately every 10 minutes during the day, and it takes around 20 minutes to reach the campus. The 44 Unibus service starts from Heslington East running through campus and stopping at the railway station and in the city centre. The FirstYork 4 runs from Heslington Hall and the Science Park to Acomb through the city centre. It doesn’t go to Heslington East. This service runs every 7.5 minutes.

**TAXI:**  
A taxi from the railway station to the University will take approximately 15 minutes. There is a taxi rank just outside the station. It can often be just as quick, and significantly cheaper, to take a bus. The bus stop is located outside the main station entrance.

**DRIVING:**  
We recommend drivers approach the University from the junction of the A64 and A1079 on the east of the city, from where the University is signposted. See the maps below for an overview of our location.
PARKING: A Parking Permit is included in your Residential Package, which will be issued at registration. There are around 800 parking spaces on-site, including disabled parking spaces in all University car parks.

12:00 CPD hours - Agenda may be subject to change
