

Corporate Membership

Partnering for Safer Surgery

Welcome

Corporate membership with AfPP is your opportunity to support safe, high-quality perioperative care while connecting with a leading network of professionals. By joining us, your organisation helps advance education, innovation, and best practice across perioperative services, making a real impact on patient care.

Chief Executive Officer, The Association for Perioperative Practice

About AfPP

The Association for Perioperative Practice (AfPP) is the UK's leading membership organisation dedicated to supporting perioperative practitioners. Our focus is to advance patient safety, professional excellence, and collaborative practice within the perioperative environment.

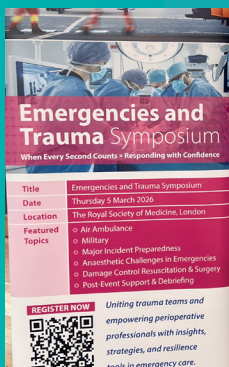

At AfPP, we believe that every member of the perioperative team plays a crucial role in delivering safe, effective, and compassionate care. Through education, guidance, and advocacy, we empower practitioners to uphold the highest standards of clinical practice while fostering a culture of respect, teamwork, and continuous improvement.

We also recognise the vital role that our corporate partners play in achieving these goals.

Why Partner with AfPP?

By collaborating with AfPP, organisations can contribute to shaping the future of perioperative care, supporting professional development, and promoting innovations that enhance patient outcomes. Together, we work to ensure that the perioperative environment is not only safe and effective but also a place where practitioners can thrive and excel.

As an AfPP Corporate Member, you'll connect with over 13,000 perioperative professionals, from students to senior leaders, and showcase your commitment to improving patient care.
