

Every role matters. Every voice creates safer surgery.

I am not just a
Porter.
Without me,
theatres do
not run.

I am not just an
Anaesthetist.
I keep the
airway safe.

I am not just an
ODP.
I support care
from anaesthesia
to recovery.

I am not just a
**Healthcare
Assistant.**
I ensure the count
is correct.

I am not just a
Surgeon.
I operate to treat
the patient.

I am not just a
Student.
I am the future of
safe surgery.

I am not just a
Nurse.
I protect the
sterile field.

I am not just a
Patient.
I trust every role
with my care.

Together, we run the operation. Together, we create safer surgery.
